Master of Public Sector Management

CIIM MPSM is unique, innovative, global by design, world-class in quality and affordable in cost. All over the world, governments and public institutions are challenged to provide high-quality services, respond swiftly to citizen needs and resolve problems effectively and efficiently.

CIIM MPSM is the practical, can-do management qualification for the public sector embodying more than 25 years' experience. CIIM MPSM aims for graduates to use their existing skills and creativity, while developing key management abilities to inspire change and innovation in their sphere of influence. It is accredited nationally by SAKOP/COSSATS and internationally by AMBA and EFMD/EPAAC, which place it among the top public sector programmes in the world.

CIIM MPSM is designed for

Public sector officials of diverse educational backgrounds who wish to focus on a future career in public sector management

Professionals committed to civil service seeking to develop universal-recognized skills of highly effective management

Managers of high potential who require the additional capabilities provided by an MPSM to undertake increased responsibility within their public sector organizations

Individuals who aspire to public sector positions

CIIM MPSM will help your career in central, regional and local government, semi-governmental organizations including public, private or semi-private utilities, regulatory bodies, international financial institutions, international development and aid organizations, consultancy firms with a focus on the public sector and public sector trade unions.

Why CIIM MPSM?

Transformative - turn your future potential into a real world capability. The learning-centric approach helps you develop the attitudes, professionalism and ethics to make a real, measurable difference. CIIM MPSM transforms intelligent and ambitious individuals into visionary, ethical and socially responsible leaders who create shared value for themselves, their organization, and the society.

Practical - learn practical management by acquiring problem-solving, decision-making and opportunity-identifying skills with immediate feedback from experienced professionals. Learn how to find fast and actionable solutions while you create value through innovation and creative thinking. Learn how to manage and draw the best performance from cross-functional teams like those you encounter in the real world and how to convert mistakes into learning opportunities.

International - develop broader horizons from the international faculty and multiple international accreditations. At CIIM you will be taught by renowned professors from leading international business schools in an interactive and stimulating learning environment.

Flexible - the rolling admission dates, modular structure and modern learning techniques enable you to create the MPSM you need for your career development while balancing the needs of your home life, career and study. Courses are taught during evenings and weekends leaving weekdays free for work. You can choose to complete the programme at a rapid pace in twelve months or at a more relaxed pace taking up to a maximum of three years.
